

PDS 185S-6C2

- Simply the best 185 compressor anywhere!
- Equipped with a Yanmar 45 HP engine.
- Airman Compressors by MMD Equipment are designed to be Super-quiet, Super-efficient, and Super-profitable.
- AIRMAN Screw Air Compressors utilize large diameter air screws that produce more air at lower RPM's, thereby reducing wear and offering the best fuel economy of any air compressor in its class.
- Can be used anywhere, anytime, as the ultra quiet design results in a noise level as low as 62 dBA at 23 feet when idling.
- Diagnostic Panel monitors fuel level, battery, fuel filter, engine air filter, water temperature, compressor air filter, oil pressure, discharge air temperature and auto idle.
- Rear Service Valves & Gauges are located on the rear of the machine and display the tachometer reading, fuel gauge and hours of operation.
- Manually operated compressor oil and fuel drains (no tools necessary).
- External oil/separator filters and cartridge-type fuel filter reduce service time and cost.
- Drains for the receiver oil, engine oil and fuel drain simplify maintenance.
- LED Tail Lights increase visibility and long-term reliability.
- Trailer is made of powder-coated, ¼" steel to insure unparalleled value and utility.
- Standard 2 year or 2,000 hour warranty, extendable up to 5 years or 5,000 hours with use of MMD authorized oil and filters.

AIRMAN Engineered. Durable. Reliable. Quality.
